Don,

I will be in the Melrose district tomorrow morning around 9:30 or so to try and have some ideas for Kim, I am not sure she will be meeting me then.

As for Fabian, hard to explain but not a lot of help. We have about 10 permits going into next year currently that keeps me from permitting the entire area end to end on one permit. Fabian says we cannot get the full permit until these current permits expire but that is on 5 different dates that occur throughout the year. If we wait until these expire this process will take until next year to get in the works.

Can we meet tomorrow around 9:30 or so !!

Respectfully,

George Livermore
